Auditor: The University's financial statements are subject to audit by both Mazars who perform an annual statutory audit and the Comptroller and Auditor General who audits the accounts of all public bodies. No actuary, solicitor, bank, investment manager, custodian or administrator acted for or was retained by the Pensions Manager during the scheme year. Mercer are appointed as consultants to the Scheme and are engaged to provide consultancy services, pensions adjustment order services and other minor administration tasks as required.

2. Statutory Provisions:

The University College Dublin, National University of Ireland, Dublin (Closed) Pension Scheme 2010 was initially established on 24 March 1977 and revised in January 1981 under Statute XCVI (96) and has been subsequently amended by Statute 4 under seal dated 25 January 2005.

The Scheme is a defined benefit scheme for the purposes of the Pensions Act, 1990 and benefits under the schemes are calculated by reference to a member's pensionable service and pensionable pay at retirement.

The Scheme is not funded and benefits payable are met on a "pay-as-you-go" basis. Pension contributions are credited as appropriations to the Department of Education and Skills in the year in which they are received in line with the rules of the Scheme and the cost of pensions in payment during the year is met from exchequer resources as per Government policy.

The rate of employer contribution is based on the recommendation of the Scheme actuary, subject to approval by the Department of Finance.

3. Registration:

This Scheme has been registered with the Pensions Authority. The registration number is 2643.

The administrators of the Scheme have access to the Trustee Handbook and Guidance Notes as published by the Pensions Authority.

4. Circular Letters and Legislative Changes:

The following changes occurred during the course of the year:

Circular 10/2021: Instruction on the pension increase policy in the public service until end 2022 sets out the application of the continuation of the existing pension increase policy to end 2022.

5. Superannuation Reciprocity with Other Bodies:

The Scheme provides for the reckoning of service with bodies having pension schemes which are reciprocal generally with the Scheme and are approved by the Minister as an “approved body” for the purposes of the Scheme. Such an arrangement enables persons to transfer pensionable service to and from such approved bodies. UCD participates in the Public Sector Transfer Network, this allows employees with certain pensionable service to transfer from one area of the Public Sector to another and receive full credit for pension purposes with the new public sector employer.

6. Pension Increases:

The University may grant increases as may be authorised from time to time by the Minister with consent of the Minister for Public Expenditure and Reform. Circular 10/2021 reaffirms the Minister’s sanction for increases to pensions in payment in the public service to end 2022.

As the Pension Scheme does not provide for winding up, the question of it not having a liability for pension increases being paid does not arise.
