IWER: As you know, this study is interested in learning about the health and well-being of people aged 40 and over. This interview is completely voluntary and private. If we should come to any question you don't want to answer, just let me know and I will go on to the next question. The answers that you give will be kept private and will be used only for research purposes.

IWER: Verbal consent should be negotiated throughout the interview process.
