Purpose & Overarching Content
This module is part of the graduate programme in clinical and translational research. Building on the theoretical framework already established, this module introduces students to practical aspects of clinical trials and their management.

Learning Outcomes
On completing this activity, students will be expected to be able to participate effectively in any real life professional learning experience by integrating into a research team and apply their academic experience and their theoretical knowledge in a professional research setting. Specifically students will: Understand Good Clinical Practice Understand Ethics and Consent Understand clinical trial management (including budgets and costing, project management and risk management) Understand study start up and monitoring Understand Regulatory and Quality Systems

Indicative Module Content
This module introduces important concepts in clinical trial management including, ethical, legal and social issues

Approaches to Teaching and Learning
Active/task-based learning Lectures Critical Writing Case-based Learning

Student Effort Hours

Student Effort Type	Hours
Contact Time	
Lectures	55
Total Contact Time	55
Autonomous Student Learning	
Autonomous Student Learning	160
Total Autonomous Student Learning	160
Total	215

Module Descriptor for MDCS41970 in 2022/2023

Assessment Details

Assesment Type	Description	Timing	Open Book?	% of Final Grade	Component Scale	Must-Pass?	In-module Component Repeat Offered?
Assignment	Case study	Varies over the Trimester		50	Graded	No	No
Assignment	Protocol Review	Coursework (End of Trimester)		50	Graded	No	No
Total				100			

Carry Forward of Passed Components
Yes

Feedback Strategy

Feedback Strategies	Sequence of Feedback
- Feedback individually to students, post-assessment	Students receive feedback throughout the module, following submission of components
- Online automated feedback	Students also receive regular feedback through quizzes

Remediation Strategy

Remediation Type	Remediation Timing
Resit	Within Two Trimesters

Associated Staff

Name	Role
Dr Deborah Wallace	Lecturer / Co-Lecturer
Ms Helen Campion	VLE Access Only
Dr Marie Galligan	VLE Access Only
Miss Denise Gosling	Module Assistant
Mr Martin Heduan	VLE Access Only
Mrs Allison Kacperski	VLE Access Only
Professor Patrick Murray	VLE Access Only
Mr Adam Tattersall	VLE Access Only

Associated Majors

Programme	Major	Stage	Module Type
DRLSC001 - Doctor of Philosophy (Post 06)	X434 - PublicHlthPhys&Sport Sc PhD PT	1	Option Module
GCMED004 - Graduate Certificate Medicine	X787 - GC Clin&TransRes(Online)SeptPT	1	Core Module
DRLSC001 - Doctor of Philosophy (Post 06)	X434 - PublicHlthPhys&Sport Sc PhD PT	2	Option Module
DRLSC001 - Doctor of Philosophy (Post 06)	X433 - PublicHlthPhys&Sport Sc PhD FT	2	Option Module
DRLSC001 - Doctor of Philosophy (Post 06)	X433 - PublicHlthPhys&Sport Sc PhD FT	1	Option Module
