Roles and responsibilities

1. To guide the student in completing the Clinical Competence Assessment Tool (CCAT) and Clinical Learning Outcomes (CLO), a framework for student learning and feedback. This includes conducting a preliminary, mid-point and endpoint meeting in collaboration with the student to identify and meet clinical learning objectives. The clinical assessment is an ongoing process from competent General Practice Nurse(GPN)/Community Nurse (cRGN) to Expert GPN/cRGN.
2. Provide clinical supervision for students or support students in sourcing appropriate clinical persons to complete competence assessment for Primary Care skills.
3. Provide guidance for students to achieve 30 hours of planned clinical exposure hours.
4. Provide and document timely feedback to the student and communicate with the Programme Director as required during the course.
