

IMPORTANT INFORMATION FOR BSc (GENERAL NURSING), BSc (MENTAL HEALTH NURSING), BSc (NURSING INTEGRATED CHILDREN'S AND GENERAL), AND BSc (MIDWIFERY) STUDENTS (POST SEPTEMBER 2018 ENTRY)

Calculation of Student GPA and the Basis for the Degree Award in Nursing and Midwifery degree programmes.

The overall award to each graduate of an Honours Bachelor's Degree Programme is calculated on the GPA (Grade Point Average).

The degree GPA for full-time nursing and midwifery programmes is calculated on all modules including elective modules, which the student successfully completed to satisfy the credit requirements of the antepenultimate, penultimate and final stages of the programme. Note: Grade neutral practice placement modules contribute to the credit requirements of the programmes but are not calculated in the GPA.

These regulations are contained in the [Academic Regulations](#) on available on the UCD website and were approved by the UCD Nursing, Midwifery and Health Systems Programme Board.

Mode of Calculation of Final Honours Classification for all Students on the BSc (Nursing), BSc (Nursing) Integrated Children's and General, the BSc (Mental Health Nursing, and the BSc (Midwifery) programmes (Post September 2018 entry)

Programme	Weighting
