Student Perspective	9

Introduction

You can create a separate honesty declaration, where students must check a box to state that they will not cheat/plagiarise, and have completion of this a requirement to achieve access to the quiz itself.

This can be done by adding a Checklist with a release condition (this will require the student to complete the Checklist - honesty declaration - in order to make the quiz available). Both the Checklist and the Quiz are then added to the My Learning section.

Method

- 1)** Within the module on Brightspace, select **Module Tools** from the toolbar and then **Checklist**.
- 2)** This will open a new page; select **New Checklist**.
- 3)** Add a name and a description and click **Save**.

4) You will then need to add an item to the Checklist; on the next page, select **New Item**.

Checklist Properties

Name *

Description

Paragraph ▼ | **B** | *I* | U ▼ | *A* ▼ | ☰ ▼ | ☰ ▼ | **T** |  | ☰ |  |  |  | 

Open this checklist and select the box to state the work will be able to access and complete the assessment.

New Window

Open this checklist in a new window when viewed.

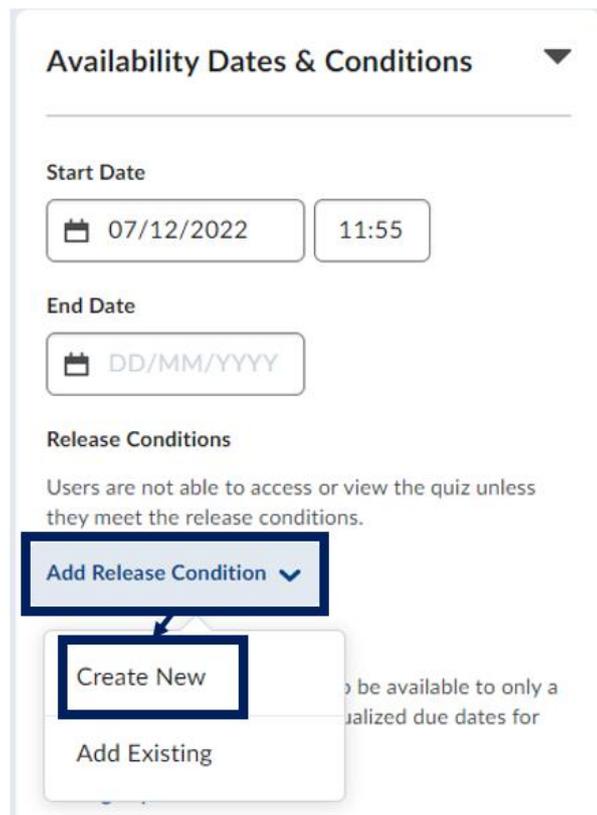

Categories and Items

[New Category](#) | [New Item](#) | [Reorder](#)

You haven't created any categories or items. Click New Category

5) This will open another new page; for the **Category** dropdown, select **New Category**.

- 8) This will return you to the main Checklist page, with the honesty declaration added in the **Categories and Items** section. Select **Save and Close** to finish creating the honesty declaration.
- 9) The next step is to create the release condition linking it to the quiz. Go to **Assessment** in the toolbar and then **Quizzes**, and open the relevant quiz to edit it.
- 10) In the **Availability Dates & Conditions** section, select **Add Release Condition** and then **Create New**.

Availability Dates & Conditions

Start Date

Release Conditions

Users are not able to access or view the quiz unless they meet the release conditions.

Add Release Condition

Create New

Add Existing

- 11)** This will open up a new window, displaying two dropdowns. The first is called **Selection Type**; select **Completed Checklist** from it.

Create a Release Condition

Release this item when the following condition is

Condition Type

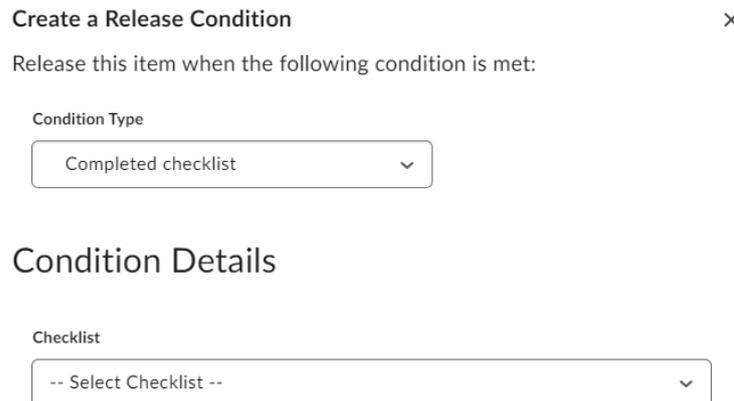

-- Select Condition Type --

- Select Condition Type --
- Assignments
 - Submission to folder
 - Receive feedback on submission
 - Score on associated rubric
 - No submission to folder
- Awards
 - Award Earned
- Checklist
 - Completed checklist**
 - Completed checklist item
 - Incomplete checklist
 - Incomplete checklist item
- Classlist
 - Group enrolment
 - Org unit enrolment
 - Section enrolment
 - Role in current org unit
 - Date of enrolment in current org unit
- Competencies

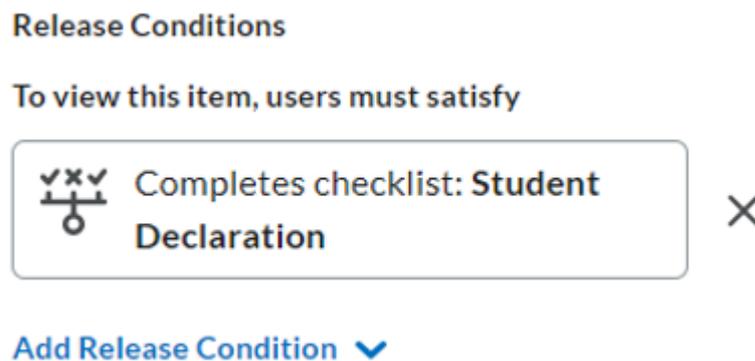

Create Cancel

- 12)** This selection will then update the second dropdown to display all the Checklists within the module. Select the

relevant one and then the **Create** button to attach this new release condition to the quiz.

- 13)** This will then display under the **Release Conditions** heading within the **Availability Dates & Conditions** section.

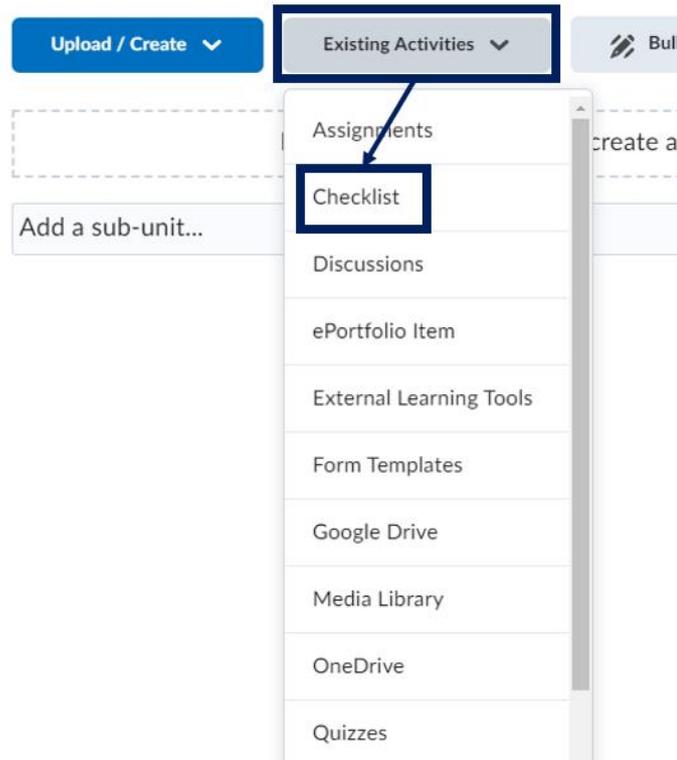

- 14)** You will then need to add both to **My Learning** - navigate there via the module tool bar.
- 15)** Within the relevant section, select the dropdown for **Existing Activities**.

Week 2 ▾

Add dates and restrictions...

Add a description...

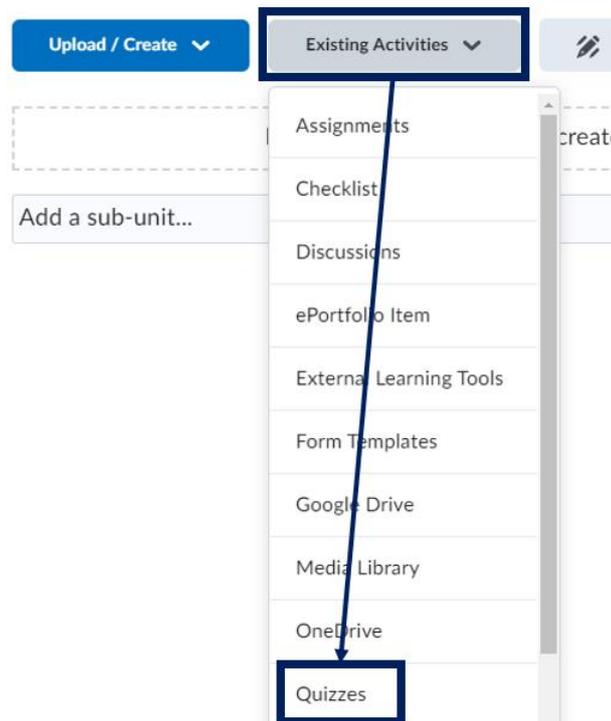

The screenshot shows a user interface for adding activities. On the left, there is a blue button labeled 'Upload / Create ▾' and a dashed box labeled 'Add a sub-unit...'. In the center, a dropdown menu titled 'Existing Activities ▾' is open, displaying a list of activity types: Assignments, Checklist, Discussions, ePortfolio Item, External Learning Tools, Form Templates, Google Drive, Media Library, OneDrive, and Quizzes. The 'Checklist' option is highlighted with a blue box, and a blue arrow points from the 'Existing Activities' header to it. To the right, there is a button labeled 'Bul' and a partially visible button labeled 'create a'.

- 16)** Select the relevant Checklist from the window that opens to add it to **My Learning**.
- 17)** To add the Quiz, again select **Existing Activities** and then **Quizzes**.

Week 2 ▾

Add dates and restrictions...

Add a description...

The screenshot shows a course management interface. At the top, there are two buttons: 'Upload / Create ▾' and 'Existing Activities ▾'. Below these, there are two dashed boxes: one for 'Add dates and restrictions...' and another for 'Add a description...'. Below the 'Existing Activities' dropdown, a list of activity types is displayed: Assignments, Checklist, Discussions, ePortfolio Item, External Learning Tools, Form Templates, Google Drive, Media Library, OneDrive, and Quizzes. The 'Quizzes' option is highlighted with a blue box, and a blue arrow points from the 'Existing Activities' dropdown to it. To the left of the dropdown, there is a button labeled 'Add a sub-unit...'. To the right, there is a button labeled 'create'.

- 18)** Again, select the relevant quiz to add it. Again, the **Release Condition** will display.
