

UCD Student Partnership Agreement & Forum

Joining the Forum

The new **UCD Student Partnership Agreement**

Students' Union class representatives and other student leaders, such as Peer Mentors, Student Ambassadors and Sports Club and Society leaders are invited to express their interest in becoming nominees to the new Student Partnership Forum. The Forum will provide a platform for staff and students to come together to discuss and agree on areas that should be prioritised to help drive change. Your participation will help to support and advance the university / student partnership.

The Forum is made up of staff and students and as a student member of the forum you will

- participate in forum meetings and help to formulate a prioritised annual plan
- have your say and provide feedback on University proposals that impact students
- be able to use your participation in the Forum towards the **UCD Advantage Award**.

For details see UCD **Student Partnership Agreement**.

Nominations are made by the UCDSU President and Units responsible for the various student leader cohorts. Please note, places on the Forum are limited but there are many other ways you can participate, for details about these opportunities, see <https://www.ucd.ie/secca/studentengagement/>
