

Professor Colin Scott

Registrar and Deputy President

Dear :FORENAME,

I want to welcome you back for the Spring Trimester. I also want to offer a particularly warm welcome to students who joined UCD this trimester. I was delighted to meet many of our new exchange and study abroad students at the welcome event last week.

Many of you will receive the results of your Autumn Trimester assessments next week, and I hope you will be happy with your progress. I encourage you to engage with your learning, and work with academic and professional staff in schools and programmes. We understand that sometimes you may face challenges. UCD has a range of support available so please seek help from your [College Office](#), [Student Adviser](#) or the [Student Desk](#). Information on all supports is available on the [UCD website](#).

Best wishes

Colin
